

CURRICULUM VITAE

NANCY ADAIR BA, Dip DH, RDH

Nancy's journey in dentistry/dental hygiene has enabled her to become a knowledgeable source of information on the evolution of dentistry. She encourages dental teams to see ALL of the awaiting opportunities and encourages teams to 'raise their bar' in dentistry! Nancy believes in 'sustainable science-based' practice builders whereby practices have a solid foundation. 'The Working Model' delivered by Nancy, is in the form of presentations, skill development programs and implementation services for superior clinical performance. Think different ... practice different!

Nancy is a dynamic motivating international speaker and can be found at many high profile CE events. She is also a dental educator, past CE chairperson, a transition leader, a clinical 'lead' RDH, research team member on implants, a periodontal RDH and founder/owner of the CE company Hygiene Excellence Inc.. The CE company encompasses didactic elements, skill development programs and the means for superior clinical/practice performance.

Nancy is known for 'The Working Model' approach and the PTM™ (Periodontal Therapist Module - Level I and II) which is igniting practices with a fresh new image.

Learn why Nancy's motto is ...

"There is NO BETTER time to be a dental professional than now!"
